## MEDICINAL.

### Good Boys

Are the bad boys very often. The boy that's good for anything is generally pugnacious. He's a healthy animal, and the healthy animal will always fight for his rights.

When a boy slams the rough sports of his companions he is apt to be a weakling, and to be conscious of the fact.

A great many mothers have testified to the wonderful curing and strengthening power of Dr. Pierce's Golden Medical Discovery. All strength comes from food after it has been perfectly digested and assimilated. By curing diseases of the stomach, and other organs of digestion and nutrition, "Golden Medical Discovery" enables the perfect nourishment of the body, which is thus built up in the only way a body can be built up—by food.

There is no alcohol in "Discovery," and it entirely free from opium, cocaine, and all other narcotics.

"Dr. Pierce's medicine has done wonders for my two sons," writes Mrs. M. H. Harkness, of Denver, Colorado. "My oldest son, who had scrofula, was taken two or three years ago with hemorrhage from the lungs. It troubled him for over a year. He took Dr. Pierce's Golden Medical Discovery and has not had one in over a year. My younger son had scrofulous sores on his neck, had two lancet, but has not had any since he commenced to take your medicine."

Dr. Pierce's Common Sense Medical Adviser, in paper cover, sent free on receipt of 21 one-cent stamps to pay expense of mailing only. For cloth binding send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

### THE WEST POINT HAZING.

The report of the special Congressional committee which investigated the hazing of Cadet Booz and the general subject of hazing at West Point was on Saturday submitted to the House of Representatives by the chairman of the committee, Representative Dick, together with a bill making stringent regulations against hazing, fighting and all brutal practices.

The report is an exhaustive review of the practice of hazing in all its forms, and, while moderate in tone, is, nevertheless, a strong arraignment of the many alleged brutal practices enumerated. It specifies more than one hundred distinct methods of annoying and harassing fourth class men, and describes them in detail. One of the "funny formations" described in that practice on Philip Sheridan, Jr., who was compelled to ride a broomstick, "in mockery of his illustrious father's achievement at Winchester."

The report states that a system of fighting has grown up which is shocking in its character. The fights are described, and the committee states that the West Point code is more vicious than the Queensbury code. The committee holds that fighting is the worst form of hazing. The report says that such fighting as that at West Point is a felony according to the statutes in many of the States, and the time has come when Congress must decide whether fights which are high crimes elsewhere shall continue at West Point.

The committee finds that Cadets McArthur, Breth and Burton were used into convulsions, others were hanged until they fainted, while others were hanged until they were sick.

The hazing of Cadets Booz and Breth are elaborately treated, but the committee does not attribute their death directly to hazing. The report adds: "But the responsibility for these two deaths, the possibility that it hastened them, the blot it throws on the otherwise fair and glorious fame of the Academy; its conflict with proper training and discipline and usefulness in this new century urges the adoption of reasonable, yet we believe effective, measures for its eradication and the promotion of discipline at the Academy."

The bill submitted contains 11 sections against hazing, and provides means for its detection and punishment. Dismissal is provided for taking part in a fight or a challenge, directly or indirectly, or for any form of annoying, harassing or brutalizing of cadets. Cadets dismissed are made ineligible to appointment to the army, navy or marine corps. Provision is made for courts of inquiry, courts martial, closer association between officers and cadets and other means for effectually stopping the practice of hazing. When the superintendent is unable to secure evidence when hazing is suspected the Secretary of War is directed to order a court of inquiry to probe the cases.

The Congressional committee appointed to investigate the Booz case, in which Cadet Booz was said to have died, resulted in treatment at the hands of West Point cadets, began work on January 4, and the last witness testified on January 24. In the 20-day investigation a number of witnesses were examined and the Congressmen probed the status of hazing at West Point to the bottom. Before the House committee began its investigation a military board of inquiry also looked into the matter thoroughly. The report was handed in to Secretary Long instead of Congress, and has never been made public.

From now on the news of the world promises to be more interesting than ever before, and national and political questions will arise, making probably the most eventful period in the country's history.

**The Mother's Favorite.**

Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children, for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by Richard Gibson, druggist.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form which will be known as Ely's Liquid Cream Balm. Price, including the spraying tube, is 75 cts. Drugists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions, but changes them to a natural and healthy character. Ely Brothers, 56 Warren street, New York.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kody-Typuscia cure, which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. It has never failed to cure the very worst cases of indigestion and it always gives instant relief.
